## Making My Mark

**\*\*Heyo! This Unfortunately is going to be the last One-shot or fanfiction I'm writing until Mid-September because me and my family are going camping for the summer :( But! Before you go all mopey, While I'm away, I'm going to be working on a fanfiction about a boarding school, Modern AU just in time for back to school (not for me, I'm home educated :P)! So here you go \_hiccuphaddocklover\_ ! Make the most of it! ~HTTYDComedyGirl :)\*\***

Astrid was looking for Hiccup because he was going for a trip for a week with his father and wanted to say goodbye. She guessed that he would be somewhere working on the map. She couldn't help but feel a bit sad that when she found him, there was a bag next to him waiting to go. 'Hey.' She said, sitting down next to him.

>'Hey.' He said back awkwardly.<br>'So.. you going soon?'

>'Umm yeah...'' He said. Astrid nodded in response.<br>'I'm going to miss you.' She confessed. He smiled slightly.

>'I'll miss you too.'<br>'You're not just saying that are you?'' She said, looking at him seriously.

>'Of course not. I'll really miss you. You're special to me.' He said holding her hand.<br>'You're special to me too.'

>'Now you're not just saying that?'' He said jokingly. She laughed.<br>'Of course not,' She said, grabbing hold of a bit of his hair.'Just don't forget me that's all.' She twisted the bit of hair into a tiny braid and tucked it behind his ear. He looked at it, raising his eyebrow. 'So now you're braiding my hair are you? I couldn't forget you now, you've made your mark.'

>'Yes and you can't unmark it. It's officially permanent.'" She said grinning. He grinned back and pulled her into a tight hug. She hugged him back smiling.<br>Later, when Hiccup and Stoick were about to leave, Stoick noticed the tiny braid behind his ear and asked, 'Who did that?'

>'Who did what?' Hiccup said stupidly.<br>'That.'" Stoick said, pointing to the braid.

>'Oh that. That's just a mark.'"<br>'But who made that 'mark'?''

>'Just someone special...'" Hiccup said vaguely. Stoick thought about for a second then realized it must have been Astrid and shrugged it off.<br>'Come on we have to go.'
